

KEEP CALM AND PUMPKINFEST ON!

We understand that Pumpkinfest weekend brings many visitors to town and with that, we do experience traffic congestion in the downtown core. Here are some ways that YOU can help to alleviate this:

- Cinderella’s Carriage Classic Car Show needs all streets marked in green closed by 6 am Saturday and Sunday and these streets will remain closed until 5 pm both days. You can help us by not leaving your vehicle parked overnight on any of the closed road sections. We also require the use of the municipal parking lots at the corners of Gustavus and Bricker and Green and Bricker. Keeping these parking lots clear will also be a great help to the hardworking car show committee.
- Use the shuttle buses and park in designated areas—parking downtown is extremely limited at the best of times and with the temporary no-parking by-laws in place it is even more scarce. To ensure that emergency vehicles and the shuttle buses can safely proceed to all areas of town we do need to keep the roadways clear.
- Please refer to the maps below for our temporary no parking rules during Pumpkinfest hours

Our roadways are very busy with traffic and that also poses some challenges for pedestrians. Please slow down, be alert for pedestrians and stop to allow people to safely cross the street.

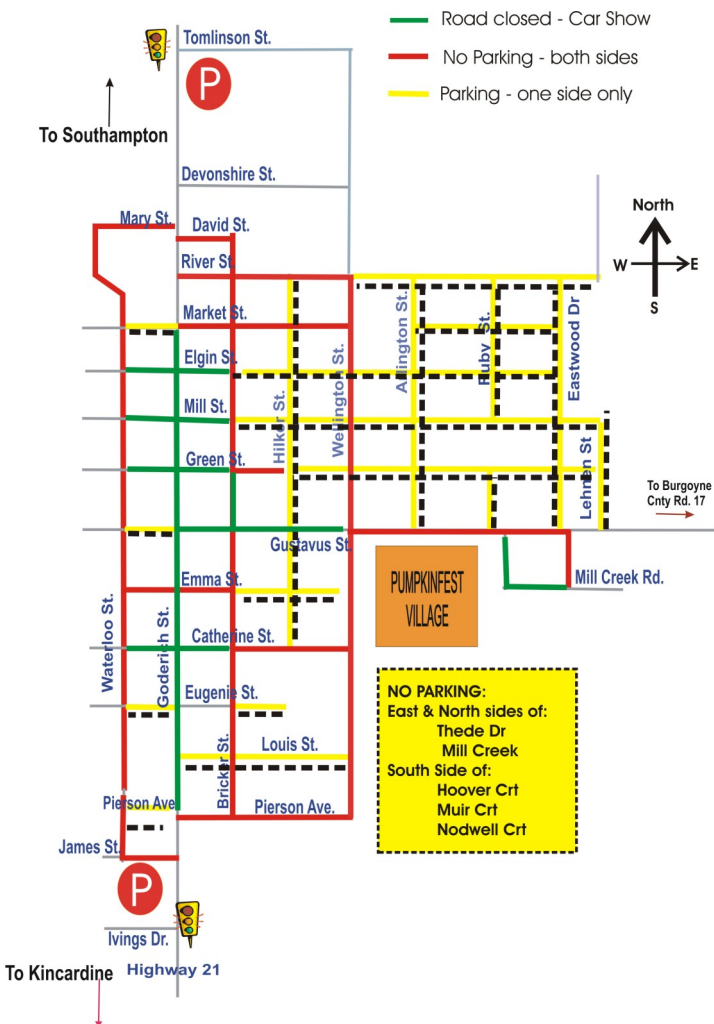

Shuttle buses stop at the following locations:

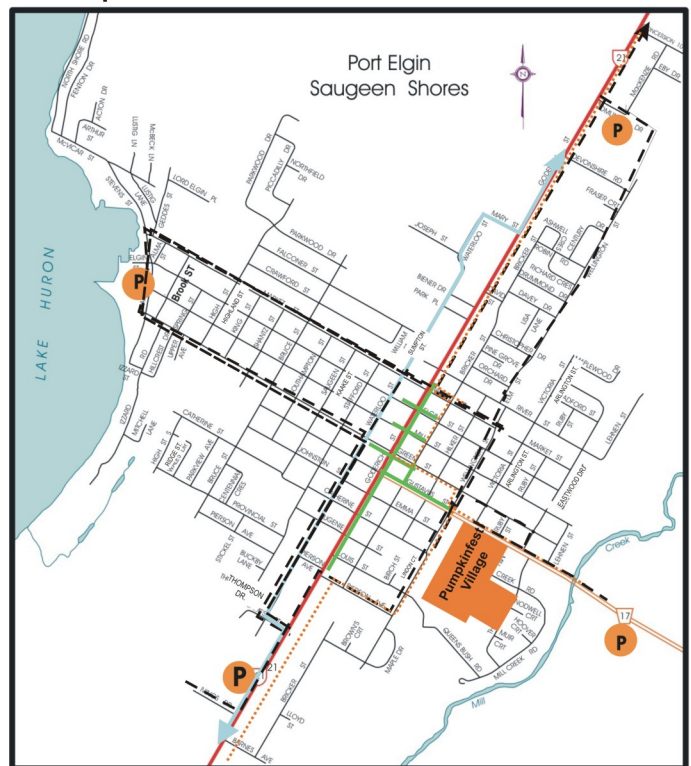

- Southampton Market
- Holiday Park Campground
- Dunblane & Turner Factory Outlet
- Southampton Town Hall
- Kenorus Campground

And all official Pumpkinfest Parking Areas:

- The Plex— North Parking Area
- Giant Tiger Parking Lot—South Parking Area
- Port Elgin Main Beach—West Parking Area
- The Links at Piper’s Glen Golf Course—East Parking Area
